G SNOW STORM—HORACE GREENE PREPARING FOR MAR

Edited by Don (Continued)

21, 1865—Sunday, and very pleasant after a severe snow storm, which fell last week and lasted until Friday morning, falling six inches of snow, a little rain follow, enough to melt the snow lay still.

During this time the roads are not broken up but few sleighs or teams of any have been out. Such a storm and one like it is very unusual for this time of the year.

The pressure of snow on the ice pond has caused a rise of water in the Mill of 6 or 7 inches.

Harrison stage failed on account of being unable to go over yesterday from here.

Travelers are now at the Elm and can't get away until the roads are taken out.

Went to Boston last Wednesday from here and back Thursday.

There is a heavy snow storm on in storm on Wednesday all day in Massachusetts and on the seaboard in New England.

Mr. Perkins is here and could not get away yesterday.

22—Saturday. Cloudy and cold, heavy appearance of a snow storm. Last morning was pleasant, but it was very cold and continued so until Monday morning, when about eight it commenced a smart rain, falling 4 hours, settling the snow under half the depth.

23—Sunday. The people of the town here and around broke roads all over town. The quantity of snow has not been so much at one time for 40 years, especially at the interflow and west of us where it has fallen 44 and 45 inches deep.

Mill Pond has risen nearly 12 inches since the storm and saving has been made.

24—Monday. A new milk creek at the base of the mountain. Hay is scarce and horses scarce. Flour has fallen a little and is now \$121; corn \$122½ wheat \$124½.

25—Tuesday. Cold morning and heavy snow. Last evening a heavy snow commenced on Sunday night and continued all day on Monday. The water in the pond raised to within 18 in. of the top of the Dam. The water has been 10 in. above the water mark for many years. The roads are decently broken out and the snow is very good, but the snow is so low that it is very difficult to get about the woods.

26—Wednesday. A move to get the County Jail removed from Puris Hill and a

with me that it was not his intention to do so. I asked him why he asked this question. Was it right? He would be. No. It was claimed at the time that it was done for the benefit of the people, to educate and to benefit them. But, after all, it was not for them. For a long time, it is not a pleasure except for interfering with my last resting place. Curiosity, pleasure, was the whole motive, and as for the benefit, it was a mere pretence. No such credit for our museums are full of mummies and a large lot of Egyptian relics. We read the stories of these relics taken from this tomb and decked and ornamented with gold and jewels. They are sure to be valuable. No doubt this is true, but in my sense, no one has a right to remove them from their setting, nor to display them in their present state, therefore, I am not in favour of such attractive

Lesson for June 27

REVIEW: WHAT WE HAVE
LEARNED FROM THE BOOK
OF GENESISGOLDEN TEXT—We know that all
things work together for good to them
that love God, who are the called ac-
cording to his purpose.—Rom. 8:28.PRIMARY TOPIC—Favorite Stories
from Genesis.JUNIOR TOPIC—Stories of the Pa-
triarachs.SIXTH GRADE AND SENIOR TOP-
IC—Favorite Characters in Genesis.YOUNG PEOPLE AND ADULT TOP-
IC—Dominant Messages of the Book
of Genesis.The method of review must always
be determined by the department of
the Sunday school and by the teachers'
performances. For the young people
and adults, perhaps the best method
will be to assign the task of finding
the most important teaching of each
lesson.The following is suggestive of the
method of review recommended:Lesson for April 11—God created all
things. The things which are come
to be by the creative act of a personal
God. God created man in His likeness
and image, which means that man
bears God's likeness morally and in-
tellectually.Lesson for April 18—The explana-
tion of the fall and sorrows of the
world can only be made on the basis
of the historical fall of man as re-
corded in the Bible. The prime actor
in this tragedy was the personal, cunning
malignant being called the Devil.
Because man is a free being, possess-
ing the power of contrary choice, sin
entered through man's belief of the
Devil instead of God.Lesson for April 25—Because the
human race is an organism, Cain and
Abel through the law of heredity
came into the world with sinful na-
tures. God taught them that the way
of approach unto Him was through a
bloody sacrifice, typifying the supreme
sacrifice made by Jesus Christ on Cal-
vary. Abel believed God, took his
place as a sinner and presented his
offering accordingly. Cain, proud self,
will brought the fruit of the ground,
thus ignoring God's appointed way of
approach unto Him. Cain's offering
therefore was rejected because he did
not recognize himself as a sinner and
come to God in the way which God had
appointed.Lesson for May 2—Noah, coming
forth from the ark, faced the respon-
sibility of repopulating the new world.
In recognition of that obligation and
out of gratitude for God's grace in sav-
ing himself and family, he erected an
altar and worshipped before the Lord.
God responded and entered into cov-
enant relationship with him.Lesson for May 9—Lot's selfish
choice involved him in trouble. Abrah-
am, because of his separation from
Sodom and unto God, was able to go
against a mighty king and rescue his
nephew.Lesson for May 16—God manifested
Himself visibly to Abraham in the
form of an angel. This angel was
none other than the Son of God.
Abraham thus met Jesus Christ. Christ
to God referred to this when He
said, "Abraham saw my day and was
glad."Lesson for May 23—Isaac, a child
of the covenant given in the old age
of his parents, was a gentle and
peace-loving man. He suffered wrong
rather than strive with his enemies.Lesson for May 30—Jacob was
chosen of God. Because of this God
was with him. God will keep, pro-
tect and prosper His elect ones even
in spite of their weakness and failure.Lesson for June 6—Esau because
of living under the sway of his appetite
sold his birthright for a mess of pottage.
He afterward repented and
sought to undo his deed. Though sin-
cerely regretting his act, it was im-
possible to change conditions. Our
acts and choices are irrevocable.Lesson for June 13—Joseph was
peculiarly beloved by his father. Be-
cause of this Jacob unwisely ex-
pressed favoritism. This favoritism
incited the jealousy of his
brothers, who at the opportune
time sold him as a slave to mer-
chantmen going down to Egypt.
Because of the false accusation of a
wicked woman he was imprisoned.Lesson for June 20—Because of Jo-
seph's fidelity God raised him to a
position of honor and power in Egypt.
While in this position he made pro-
vision against an awful famine which
came upon the land and became a
means of saving from starvation not
only the Egyptians, but his brethren
who came down from Canaan. Though
they had wronged him he graciously
forgave them and provided for them
in their need.

Neglecting Christ

Men who neglect Christ, and try to
win heaven through moralities are like
sailors at sea in a storm, who pull,
some at the bowsprit, and some at the
mainmast, but never touch the helm.—
H. W. Beecher.

Worth Thinking About

Have you any compelling purpose in
life? Is that purpose God's purpose
for you? Are you co-operating with
God in the carrying out of his pur-
pose?—James P. Riggs.

NORTH HARRISON

Sunday visitors, June 13, at the home
Mrs. H. B. Smith, Mrs. C. F. Chapman
was her daughter, Queenie, together with
Mrs. Cora Rowe and her son, Almon,
and Robert M. Crawford, all of Mechanic
 Falls.

George Jackson and Mabel Bacon, of
West Paris, were recent callers of Almon
Rowe and his mother.

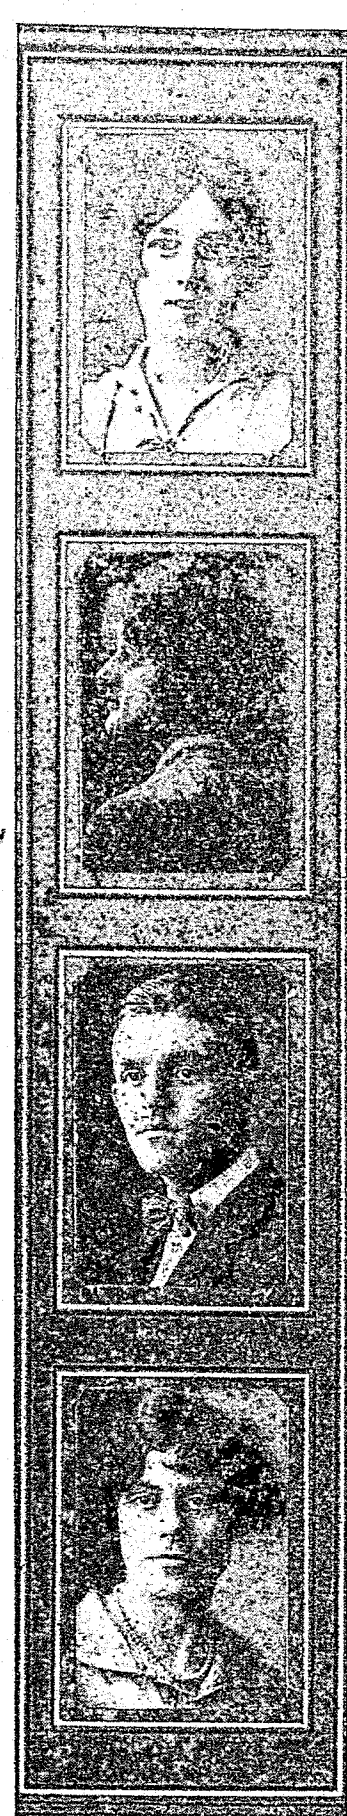

Will Jackson is at work at North Bridg-
ton building a fine home for Miss Mor-
rison, a teacher at the Academy.

Phoebe Haskell of Marion, Mass., has
been at Camp Benito for a few days,
making preparations for the girls, who
arrive in about two weeks.

A picnic was held at Brackett School
on Friday, June 11.

AVOID SUMMER COLDS Keep Strong With SCOTT'S EMULSION

Mankind's Great- est Enemy

The most powerful enemy of the human
race is the microscopic disease germ. In-
visible, multiplying at an astounding
rate, manufacturing many deadly poi-
sons, it is responsible for a vast amount
of suffering and a large part of the
annual death toll.

Now that the germs responsible for sev-
eral of the most widely prevalent dis-
eases have been found to yield to a new
variety of germicidal treatment, there is
hope that their harmful power will be
steadily checked.

The direct method of attack on pneu-
monia, influenza, bronchitis, laryngitis,
asthma, colds, coughs and other infec-
tions of the respiratory tract is to kill the
causative germs with an effective germi-
cide which is capable of reaching them
where they are at work.

Painstaking laboratory investigation has
confirmed clinical evidence showing that

B. & M.

EXTERNAL REMEDY

The Penetrating Germicide

actually penetrates the tissues, reaches
the centers of infection and destroys the
bacteria, neutralizing their poisons. It
provides the direct method of attack on
these diseases.

Ask your druggist for it. If he can not
supply it, send \$1.25 for full-size bottle.

STATE OF MAINE

County of Oxford, ss.

June 16, 1926.
Taken this sixteenth day of June, A. D.
1926, an execution dated May 20, 1926, issued
on a judgment rendered by the Supreme Ju-
dicial Court for the County of Oxford at a
term thereof begun and held on the second
Tuesday of May, 1926, to wit, on the twentieth
day of May, 1926, in favor of Edwin C. Thomp-
son of Norway, in said County, against Chas.
R. Howe, of said Norway, for sixty dollars and
ninety cents, debt or damage, and twelve
dollars and forty-seven cents, costs of suit,
and fifteen cents for said execution and will
be sold at public auction on the premises in
said Norway to the highest bidder, on the
twenty-first day of July, A. D. 1926, at eleven
o'clock in the forenoon, the following de-
scribed real estate and all the right, title and interest
which the said Chas. R. Howe has and has
in and to the same on the third day of March,
A. D. 1926, being the time when the same was
attached on the writ in the same suit, to wit:

The following described real estate, with the
buildings thereon, situated in Norway Village,
in said town of Norway, on the corner of
Pine and Pine Streets, bounded and described
as follows, to wit: Beginning at the intersec-
tion of the southerly side line of Pine Street
with the westerly side line of Fern Street;
thence westerly on side line of said Pine St.,
about sixty-nine (69) feet to a post on line
of land formerly owned by Mrs. Truman Gros-
by, now owned or occupied by Mrs. Grin
Brown; thence southerly on line of said Brown
land about seventy-three (73) feet to a marble
slab set in the ground for a corner; thence
easterly along line of land of Mrs. Blanche
Rowe about sixty-nine (69) feet to another
marble slab set in the ground for a corner on
the westerly side line of said Fern Street;
thence northerly the westerly side line of
Fern Street about seventy (70) feet to the
point of beginning.

25-27 LOTON W. GOULD, Dep. Sheriff.

STATE OF MAINE

County of Oxford, ss.

June 16, 1926.
Taken this sixteenth day of June, A. D.
1926, an execution dated May 20, 1926, issued
on a judgment rendered by the Supreme Ju-
dicial Court for the County of Oxford at a
term thereof begun and held on the second
Tuesday of May, 1926, to wit, on the twenti-
eth day of May, 1926, in favor of Chas.
Blake of Norway, in said County, against Lou-
is M. Clark of Paris, in said County, for one
hundred sixty-seven dollars and eighty-eight
cents (\$167.88) debt or damage and costs of suit,
and thirty-six cents, costs of suit, and fifteen
cents for said execution and will be
sold at public auction on the premises in said
Paris to the highest bidder on the twentieth
day of July, A. D. 1926, at ten o'clock in the
forenoon, the following described real estate
and all the right, title and interest which the
said Louis M. Clark has and has in and to
the same on the twenty-seventh day of
July, A. D. 1926, being the time when the
same was attached on the writ in the same
suit, to wit: land certain lot of land, with
buildings thereon, situated in South Paris
Village, in the town of Paris, on the westerly
side of said Hill Street, bounded as follows:
Beginning at the southeasterly corner of land
of Charles Edwards and on the westerly side
of said Hill Street; thence westerly by line
of said Edwards one hundred forty-four (144)
feet to a corner and a stone wall; thence south-
easterly by said stone wall fifty-four (54) feet
to another corner; thence easterly parallel with
the first bound to said Street; thence northerly
by said Street fifty-six (56) feet to the point
of beginning.

NOTICE TO CONTRACTORS

STATE HIGHWAY CONSTRUCTION

Sealed proposals addressed to the State
Highway Commission, Augusta, Maine, for
building five sections of State Highway will
be received by the Commission at its office
in the State House, Augusta, Maine, until
11:00 A. M. Eastern Standard Time, July 2,
1926, and at that time and place publicly
opened and read.

BITUMINOUS MACADAM ROAD, one sec-
tion in Calais, 1.90 miles, F. A. Project No.
100.

GRAVEL ROAD, four sections as follows:
F. A. Project No. 94-A, Gilead, 3.75 miles;
F. A. Project No. 94-B, Jay, 4.33 miles;
F. A. Project No. 97-A, Stone-Avon, 2.87 miles;
and F. A. Project No. 95-B, Gouldsboro, 7.
3-01 miles.

The work will consist of grading, drainage,
and surfacing. Each proposal must be made
upon the blank form provided by the Com-
mission, for a copy of which one dollar will
be required, and must be accompanied by a cer-
tified check or a surety bond for 10 per cent
of the amount bid, payable to the Treasurer of
the State of Maine. The envelopes enclosing the
proposals should be plainly marked "Proposal
for State Highway Construction in the Town
of ——" The certified check will be re-
turned to the unsuccessful bidder unless for-
feited under the conditions stipulated.

A bond satisfactory to the Commission, of
not less than one-fourth nor more than one
half of the amount of the contract will be re-
quired. Plans may be seen and forms of speci-
fications and contract may be obtained at the
office of the Commission, Augusta, Maine.

The right is reserved to reject any or all
proposals.

CHARLES H. DINES, CHM.,
WILLIAM J. LANTAN,
CHARLES H. DINES, CHM.,
State Highway Commission.

PAUL D. BARGENT, Chief Engineer.

Dated at Augusta, Me., June 12, 1926, 25-28.

GULF **NO-NOX**
MOTOR FUEL
STOPS KNOCKS
PUTS CARBON TO WORK

PUTTING the old demon, carbon, to work sounds like a paradox—
nevertheless that's just what GULF No-Nox Motor Fuel does and
here's how it happens: Compression is power. The more com-
pression the more power. Greater compression is secured by reducing the
displacement or space in the combustion chamber. Carbon deposits materi-
ally reduce this space—old time gasoline would not withstand this
added carbon compression—clicks—knocks—pings or detonations of
distress quickly following sudden acceleration or heavy pulls.

No-Nox withstands higher compression—stops the knocks or detonations,
thereby increasing engine efficiency. GULF No-Nox and Carbon Deposits
work together for more power and greater mileage.

Turns Mountains Into Mole Hills

This guarantee goes with it: GULF No-Nox Motor Fuel is Non-Noxious,
Non-Poisonous and no more harmful to man or motor than ordinary gaso-
line—that it contains no *dope* of any kind—that the color is for identifica-
tion only—that it positively will not heat the motor, winter or summer.

GULF No-Nox Motor Fuel is priced three cents per gallon higher than
ordinary gasoline—and is worth it.

The Orange Gas—At the Sign of the Orange Disc
GULF REFINING COMPANY

BETHEL

Rev. and Mrs. Achenbach away on vacation—Mrs. Ernest Cross dead—Store broken into—veteran purchased red-green bus—Mrs. Ella Lyon dead.

The Rev. and Mrs. S. T. Achenbach are passing a month's vacation in Vermont and Pennsylvania. They went by auto.

Children's Day was observed at the Methodist Church, Sunday, the 20th, and an unusually pleasing program was presented by the children and all the services of the day were full of interest.

W. A. Bragg's store was broken into recently, but it is supposed that Mr. Bragg heard the visitors and trusted the attempt to take away two boxes they had packed. Mr. Bragg has living rooms in the building.

The Congregational Church is to be repaired to quite an extent during the vacation period.

Wade's funeral has been in Benis looking after his business operations.

Dr. and Mrs. J. H. Wight and daughter, Vivian, are at their home. Dr. Wight is slowly recovering from a serious operation. They have been for some months with a nephew, Dr. Winfield Wight, in Connecticut.

Mrs. J. U. Purington entertained the Ladies' Club at last meeting.

E. R. Fitch, Jr., of Bethel, purchased "King," a gray Durham bull, he is of pedigree stock, but not yet registered.

Mrs. J. L. Edwards of Fairmount, Pa., visited Mrs. Cross and her family. Mrs. Cross was recently a guest of Mrs. A. L. Grover.

On interest in many is the appointment of John Harold Wilson, 15, of Berlin, N. H., to the U. S. Naval Academy at Annapolis, Md. He was nominated by Senator Hayes last November and this month passed the physical examination.

The cruise is four years, to be spent in Europe. He is the son of Mrs. Mary (Chapman) Wilson and the late John Wilson and grandson of William L. Chapman of Bethel. His aunt, Mrs. Gertrude Miliken, who cares for the grandchild, met him at Bethel Station to wish him success and a "safe home."

Mrs. Ernest Cross passed away at her home on the morning of June 19th, at a protracted illness. She leaves her husband, a daughter, Mrs. Florence Macchia, and son, Edgar, of her immediate family and six grandchildren, two sisters and six nieces and nephews and many friends. The loss to her family and friends is deeply mourned and her kindness to all will long be remembered. Funeral services were held at the home, Friday, June 18. The Rev. C. B. Oliver in attendance. Interment was in Grover Hill Cemetery.

Again sadness has come in the "going away" of Mrs. Ella Hagwood Lyon on June 16. Mrs. Lyon was the daughter of the late Mr. and Mrs. Frank Hagwood of this town. She leaves of her own family, her husband, Charles Lyon, a daughter, Mr. and Mrs. Harry E. Lyon, and three grandchildren: brothers, George J. Hagwood, and daughter, Mrs. Dula Parsons, and children, Frank Hagwood and Fred Hagwood, many other relatives and hosts of friends. Funeral services were held Saturday afternoon at 2 o'clock at the Congregational Church. The pastor, Rev. S. T. Achenbach gave words of divine comfort to the sorrowing family and friends. Mrs. Lyon's life has been one of helpfulness and loyalty to all that pertains to a life well lived. There were in attendance the Bethel Lodge, the Grange, the W. R. C. and I. O. O. F. members; also relatives and friends from Portland, Auburn, Lewiston, Norway, Bridgton and North Stratford, N. H. A profusion of beautiful flowers were laid in silent tribute to the life just passed. Her loss is deeply regretted. Burial in Woodlawn Cemetery.

The relatives and friends of Clyde Bean are sorry to learn of his serious illness; he is in the hospital in Berlin, N. H.

The Rev. W. C. Curtis, a former pastor of the Congregational Church, has been in town calling on friends, recently.

Mrs. Laura Thurston from Norway, recently visited with her daughter, Mrs. Fred Staples.

Mr. and Mrs. Z. H. Morse and son, called on Mrs. Noyes Sunday, also Mr. and Mrs. Walter Coffin and children Ernestine and friend, Marie, Alfred, and Richard.

Mr. Boynton and friend from Portland spent Sunday at the Boynton home.

Haynes and Lucy Noyes spent the week-end with their grandparents, Mr. and Mrs. Z. H. Morse, at South Paris.

Mrs. Ida Noyes, Lucy Morse and Mrs. Della Morse and son, Francis, attended the old fashioned concert at Welchville, Saturday night.

Mrs. Chas. Hollis much better at this writing.

Mrs. Eleanor Hall spent Monday afternoon with Verna Hill, a schoolmate of hers.

Mr. and Mrs. Fred Staples were surprised one night recently by receiving a June box from the school children. Mr. Staples got out-weighed long before he caught them all. The little folks gave him a good chase. The June box was to show their appreciation to Mr. and Mrs. Staples for taking them to see Mellic and Gram Dunham. A good time was enjoyed by all after the chase.

HUNT'S CORNER AND VICINITY

Services conducted by Mr. Wilson—Young People's Banquet—Bear Seal Near Town House—Strawberries Ripening.

Mrs. Harold Spring and friend from Massachusetts have been visiting Mr. and Mrs. Abel Andrews the past week.

Mr. Leighton is peeling pulp for Fred Gorman.

Edith and Adella Cummings spent the week-end at Alta Bird's.

Arthur Wilson preached a very interesting sermon at the church Sunday morning.

Mr. and Mrs. Wilson are from Hartford Theological Seminary, and will help carry on the work of the "Larger Parish" during the summer months.

Mrs. Angie Bean has returned to her home at Hunt's Corner. Her granddaughter, Adella, is staying with her.

A party of twenty from Albany attended the Stoneham Circle, Thursday night.

George Cummings has returned home after spending the past week visiting relatives in town.

Several attended the Dresser reunion, Saturday.

Another dance at Hunt's Corner Grange Hall, Friday night.

Philip Becker is home from the U. of M. for his summer vacation.

In spite of the rainy weather, there was a good attendance at the Circle and drama Tuesday night.

A young people's banquet will be held at the Community House, Waterford Flat, Friday night. This is given as a recognition for Mr. and Mrs. Wilson and Rev. and Mrs. Olin B. Tracy are to be guests of honor. It is hoped that many young people from Albany will be able to attend.

Mrs. Alta Bird and two children, Sylvia and Madlyn, and Edith Cummings called at Allen Cummings', Sunday afternoon.

A bear was seen on the long flat below the Town House, Saturday, but by the time the dogs, hunters, and guns arrived, no trace of him could be found.

Strawberries are ripe once more! Arthur Hession found the first of the season, last week.

Nearly every man's widow is dressed better than his wife was.

In the Kitchen with 6 Famous Cooks

A MEATLESS MEAL, "FIT FOR COMPANY"

(Ed. Note: This is one of a special series of articles contributed by 6 Famous Cooks. Their recipes are "different." Cut them out and paste them in your cook book.)

At the Battle Creek College of Home Economics they specialize in planning and preparing well-balanced meals which are both attractive to the eye and nutritious to eat.

Miss Margaret Allen Hall, dietitian and nutrition expert of the college, has prepared for "company" a menu which is particularly palatable, even though it is absolutely meatless. Proportions are given for the serving of ten.

Eggs a la King
Glazed Sweet Potatoes
Fruit Salad a la Creme
Butterscotch Pie
Directions for each dish follow.

Eggs a la King
4 tablespoons butter
4 tablespoons minced sweet pepper
4 cups (one quart) milk
8 tablespoons flour
2 cups mushrooms (fresh or canned)
12 hard-boiled eggs, cut in pieces
2 teaspoons salt
Melt butter, add pepper and mushrooms, and cook until soft. Stir in flour and add milk. Stir until thickened. Add mushrooms and eggs. Heat very hot and serve on squares of toast; or pour into a baking dish, sprinkle with buttered crumbs and brown in a quick oven.

Glazed Sweet Potatoes
12 medium-sized sweet potatoes
1/2 cup sugar
1/2 cup water
8 tablespoons butter
Boil the sweet potatoes in salted water for ten minutes. Remove the skins and cut in halves lengthwise. Arrange in a buttered pan. Make a syrup by boiling the sugar and water until thick. Brush potatoes with syrup and bake until brown, heating with remaining syrup. Serve in a hot covered dish.

Ritz Tomatoes
Slice bread in usual manner, shape with three-fingered bread, and toast. Slice ripe tomatoes, place a slice on toast, sprinkle with salt, grated cheese or cottage cheese and onion, and finely chopped pepper. Bake in hot oven until tomatoes are cooked and slightly browned.

Fruit Salad a la Creme
2 large bananas
1 pint sliced pineapple
1 pound cokes or Malaga grapes
1 cup Cream Salad Dressing
Drain the pineapple and cut into small pieces. Peel the grapes, cut into halves and remove the seeds. Peel the bananas, cut into halves, remove the fuzzy portions and dice. Mix with the Cream Salad Dressing and serve on a plate garnished with lettuce, or place a spoonful of fruit on the lettuce leaf with a smaller spoonful of the dressing.

Cream Salad Dressing
2 tablespoons butter
2 tablespoons flour
1 cup cream
1/2 cup lemon juice
1/2 cup sugar
1/2 teaspoon salt
1/2 cup whipped cream
Melt the butter in a double boiler, add the flour and the cream (omit the butter if desired). Stir until it begins to thicken. Beat the egg yolks, add to them the salt, sugar and lemon juice, and turn into the boiler about five minutes. Cool, and fold in the whipped cream.

Butterscotch Pie
Plain Pastry:
1/2 cup flour
1/2 cup sugar
1/2 teaspoon salt
Mix salt with flour. Cut fat into flour with two knives. Add just enough water to make a stiff dough. Roll out and cut into circles. Bake in a hot oven for 10 minutes. Cool and fill with butterscotch filling.

Butterscotch Filling (for two pies)
4 egg yolks
4 cups white brown sugar
4 cups milk
1/2 cup flour
1/2 cup butter
8 teaspoons vanilla extract
Beat yolks of eggs in inside of double boiler, add milk and butter. Mix flour with sugar, and add to milk mixture. Cook mixture. Remove from fire and cool. Fill cooked pastry shells. Cover with whipped cream or meringue.

Make a meringue with the four eggs, white beaten until stiff, fold in four tablespoons powdered sugar, plus irregularly on top of the pie and bake in moderate oven until brown.

A meatless meal, yes. But who would ever miss the meat?
(Be sure to read next week's special cook-icicle.)

Why Long Chimneys?
Stoves with long chimneys are superior to those with short ones. It is because the long chimney has a perfect combustion. In other words, every drop of oil is completely burned before the heat reaches the cooking. There is no chance for soot or odor.

Short chimney stoves as a rule focus the heat on one point—the very center of the burner. Some chimney stoves focus the heat on the bottom of the kettle, but diffuse over the entire kettle bottom. That's why food cooked on long chimney stoves is better done.

House For Sale
House, No. 38-40-42-44 Main St., South Paris Village, 17 rooms, 4 tenements; toilets and lights, extra lot. Situation unsurpassed, half way between Market Square and railroad station.

All dealers sell it and we guarantee its results. Your money returned if not satisfied. Get a Bottle today. 60 doses 50c. Trial Size 15c. L. F. Medicine Co., Portland, Me.

ANSWER THESE IMPORTANT QUESTIONS
Have you ever had cause to doubt that you enjoy perfect vision? Do your eyes feel sore after a spell of close work—aching, smarting, or feeling as if sand or grit was lodged behind the lids?

Do you ever, while reading, find that the print suddenly "goes misty" and confused? Is it necessary for you to hold your book or newspaper further away from the eyes than formerly—or do you need a stronger light? Do you find that reading or sewing for an extra hour or two causes headaches?

If you have noticed any of these peculiarities with your eyes, you should have them carefully examined. Call and see us at once.

NORTH PARIS
Pearl Snow celebrated her sixth birthday, Friday afternoon, June 11, by entertaining her teacher, Lilla McAllister and all her schoolmates. The afternoon was spent in playing and singing and it was a jolly good time, one long to be remembered by teacher and schoolmates. Pearl was well remembered by gifts from each one. They all wished Pearl might have another one like it.

Mrs. Mabel Snow and two little girls Helen and Doris Snow were at Mr. and Mrs. Howard Allen's to help celebrate Pearl's sixth birthday.

Steward Stearns is getting the cottage cleaned. Mrs. H. B. Allen has been doing the work.

Nina Felt from Norway was in town, Sunday.

Florence Pierce and Howard Allen have been working on the road.

Len Briggs and Lewis Briggs with the road machine and six horses were on the road, Monday, the 14th.

The North Paris and Tueli Town school had a picnic at Bryant Pond, Albert Cotton carried them in his big truck; a jolly good time was reported by all.

This really seems to be the modern standard: To be progressive, a man has to stand on his head or bray like a mule every once in a while.

THESE SIX THINGS doth the Lord hate; yes, seven are an abomination to him: A proud look, a lying tongue, and hands that shed innocent blood. A heart that deviseth wicked imaginations, feet that be swift in running to mischief.

A false witness that speaketh lies, and he that soweth discord among brethren. —Proverbs 6:10-19.

"Buy House Paint by the job - not by the gallon" - The Bay State

PAINTS that are cheap-by-the-gallon are the most expensive in the long run because they neither cover well nor spread far.

"My thousands of friends who have used Bay State Liquid House Paint will tell you it is the 'better' house paint because—it covers better than ordinary paints—it takes fewer gallons per job."

"And another reason why it is so popular is that the finished job always looks better."

"Furthermore, I will absolutely guarantee it to render satisfaction if properly applied."

Take the Coupon below to the nearest Bay State Agent

"My illustrated booklet 'Just Across the Way' describes in detail the different Bay State Paint and Varnish Products and how to use them. Fill out the coupon below and take it to the nearest Bay State Agent. He will gladly give you a free copy."

CRUNCHY
Crapenuts in richest ice cream. New England's finest! Simmons & Hammond Mfg. Company.

Miss Margaret Hall, nutrition expert of the Battle Creek College of Home Economics.

Scientific Battle Creek was more than satisfied

Great institution recommends Perfection after exacting tests

TRULY scientific is the Battle Creek College of Home Economics. Its nutrition expert, Miss Margaret Allen Hall, cooked many meals on a Perfection in a nation-wide cooking test conducted by six famous cooks. Miss Hall expressed the most complete satisfaction with the Perfection.

The results were fine
"Whether I broiled mushrooms, boiled peas or fried timbale cases the results were fine," she said. "The stove lighted quickly. Its heat was steady and even and so easily regulated that I cooked all those dishes at the same time, using a different grade of heat for each."

The flame is steady
"The flame did not creep or crawl. I tested the oven with a standard oven thermometer and found that I could keep it any length of time at the temperature I desired. This is very necessary for successful baking."

Odors don't mix in the oven
"One meal I cooked entirely in the oven, corn and cheese souffle, stuffed tomatoes seasoned with onions, and angel food cake. There was no mingling of odors. This meal saved fuel, too, as I used only one burner. Through the glass doors I could see at any moment how every dish was getting along."

See Perfections today
See the complete line at any dealer's. Sizes—from a one-burner model at \$6.75 to a five-burner range at \$120.00. Select the stove that best fits the needs of your family. Cook on the Perfection—approved by Battle Creek College.

The Grange held inspection night, Friday, with all officers present and good turnout of members. The 3rd degree was exemplified in a perfect manner. There were many visitors present, also a fine program and buffet lunch.

The frost of Monday morning did a lot

ALBANY AND VICINITY

Memorial Service of Round Mountain
Grange.

Round Mountain Grange held its Memorial service at the hall with the usual decorations, flowers, and music and poems followed by a memorial service written by W. M. Leon L. Kimball for this particular day—it follows:

The flowers are blooming,
The birds are singing simple songs,
From their homes in the green, leafy trees,
The insects are busy at their work,
To gather these blossoms on each Memorial Day
In token of love and remembrance
For those who have passed on,
The ones who so often met with us,
Fighting for the good of our land,
Sustaining for the good of our Order,
Why should we not stand in grateful places?
They have gone to the land above,
To the land of the living, the land of the great,
With the pass-word which never is Love.
That we so keep our pledges
That we so keep our oaths,
While standing around this altar,
Before God's open book,
Our lives would be much brighter,
For hearts less heavy to bear,
If we but and some brother,
His sorrow on earth to bear,
Then would we be glad,
And Saint Peter opens the gate,
Our comrades would be there,
And we need no be found room
As we enter that grand Lodge Room,
Where the great Master sits,
Waiting to bid us welcome as we take our
Oath.

Then we shall see the Great Master
With hands uplifted, ready to bless,
And then we will see the great
And enjoy the long-earned rest,
So let us all be true to our Order
More like the one above
Remembering in our daily lives,
That the one great Master will see.

The following Sunday, June 6, the Grange marched in a body from the hall to the church where the Rev. W. I. Bull preached a funeral sermon in closing the Memorial Service.

Abstract

Waterford, Sunday afternoon.

Edward Holt of Norway is visiting his grandfather, Merritt Sawin.

John Kilmartin is at work for the Irving Beekler, Lewis Allen.

Ernest Grover of North Waterford helped Merritt Sawin do some plowing, Friday.

John Kilmartin and Lester Walker are working several days last week.
